Week 5 of 9

PRINCIPAL'S REPORT

Out and about at MP-12

Welcome to the middle of Term 2. It feels like we couldn't possibly be half way through the term, but when I think about all that we have done this term (and we seem to have crammed so much in) we could be excused for thinking we are more than four and a half weeks down.

This week I had the pleasure of working with our Yr7/8 PE class while Simon was away with the Secondary Cross Country runners. The class are working through a SEPEP program (Sports Education in Physical Education Program) with a focus on Soccer skills. Basically the students work in small teams to develop a training program to develop their team's skills in Soccer and work towards a class tournament. Each member of the team has an assigned role, such as Coach, Captain, and Umpire etc. The team provides constructive feedback to help their teammates to improve their individual performance and ultimately improve the performance of the team as a whole.

During the session, each team reviewed their plans for the session, then we all headed outside where each team ran their own training program, before heading back inside to debrief. I was so impressed with how engaged all of the students were as well as the feedback they provided at the end of the session. Constructive feedback acknowledged key strengths whilst also helping each member recognise areas for improvement. Great job Yr7/8 and to Mr Berry who has created such a positive and supportive learning environment.

Also out and about over the last week I grabbed a few photos of the Yr3/4 students running their skipping club. They were so organised, with mini groups set up, cones, skipping ropes and hoops organised for specific practise drills and everyone was thoroughly enjoying themselves. No wonder we have so many students hanging out for Skipping days.

In some very exciting news, our school took possession of a new school car on Monday. After lots of research, we decided upon a Kia Carnival which boasts a wide range of safety features along with the added bonus of being an eight seater with all the creature comforts you need for long road trips plus lots of legroom for even our tallest students. We are also well into the process required to purchase a bus to replace the Rosa. Again safety has been our highest priority. We hope it won't be too long until we add a new bus to our fleet. I have a strange feeling there will be some very excited staff and students on our upcoming camps and excursions. I'd like to thank our school council for prioritising these two upgrades and of course to Bec who has put an enormous amount of time into researching our options and ensuring we follow all required processes to acquire new vehicles.

Next week our Yr7-10 students will participate in our first workshops with the Gippsland Tech mobile school. Recent funding has allowed Gippsland Tech to develop a mobile program that is now being rolled out to regional schools. In next week's visit, students will participate in several workshops as part of a taster program over a two day period. With a range of engaging, collaborative and hands-on activities, along with state of the art equipment and technology we look forward to the success of this program, which will see the Mobile Tech School here for 2 days per term.

Have a great week :) Kathy

This Friday our Yr5/6 class are holding a Market Day, where they hope to sell a range of products, including some new and upcycled t-shirts, bags and cards, many of which have been screen printed with the students' unique designs. A great way to learn about economics. Market Day is this Friday from 12:30-1:30pm in the undercover court.

Australian Youth Orchestra Performance

On Monday 30th May at 10 am Mallacoota P-12 College will be hosting a workshop and performance by the Australian Youth Orchestra. Some of our students will be participating in the workshop and performing an original piece of music and also some other music with the orchestra. This is a wonderful experience for our students and we sincerely thank Padma Newsome for arranging this visit.

Do you like to sing? If so, please join us for

Choir

When: Lunchtime on Wednesdays
1.40- 2.20 pm from Week 4

Where: Outside Prep/1 Room

All welcome!

2022 East Gippsland Cross Country

On 23/05/22 Sandy, Bridie, Finn, Winter, Halle and Ruben went to Bairnsdale South Pines golf course for their races. It was a very nice day and we all got a bit of a surprise when we saw Hugo there. He was there for the 3k run with Finn and Sandy. It started off chilly but as the sun came out it was beginning to warm up. The golf course was a very nice spot. Nice and open and a beautiful scenery beside the big hill that the 5k boys and girls had to run up and down. The first race was 5k that was Ruben's race, he was against 10 other boys and in the end placed 5th.

Second was the 3k races, so Finn and Sandy went up for that one. It was close competition with some of the other schools including Nagle College, it was a good race with Sandy placing 6th and Finn placed 11th.

The last race was the 13-14 girls race, it was pretty competitive. Bridie, Halle and Winter all qualified for regionals. Halle got first, Winter got third and Bridie got fifth. Everyone had a great day big, thanks to Mr Berry, Bec and Nicole for taking us. - Cross Country Team

I'd like to take this opportunity to acknowledge our students, their team spirit and respect. As noted by a parent, our kids were constantly supporting each other and the other racers. Well done team! – Mr. Berry

STEAM Camp in Melbourne

On Monday the 2nd of May, years 7 to 9 from Mallacoota and Cann-River went to the Space hotel in Melbourne and spent a week learning about science and mental health. We arrived on Monday and met the STEAM camp people and they took us bowling and got pizza and just met everyone and had a fun time. After bowling, we went back to the cabin and TRIED to sleep. On Tuesday we visited the science gallery and Melbourne Uni and we watched them make ice cream from liquid nitrogen. On Wednesday we started with VCA workshops where we danced with sticks. After the VCA we went to watch Hamlet the play and then made a mission to ACMI (Australian Museum of Moving Images).
Cohen

On Monday the 2nd of May we travelled to Melbourne with the Cann River students. Once we got to the hotel we walked to Strike Bowling then we came back and went to bed. On Tuesday we walked to the Science Gallery and looked around the gallery. We started a wearable technology workshop. Then we went to the Uni for lunch. Afterwards we went and watched ice cream being made with liquid nitrogen. The next day Wednesday, we went to the Victorian College of the arts and did a stick dancing workshop. Then we went to Hamlet. Afterwards we went to Top Arts and ACMI then Melbourne Central where we went to Universal for dinner.
Unya, Yr 7

Kiki's Delivery Service

Kiki's Delivery Service is a heartwarming animated film directed by Hayao Miyazaki. Released in 1989, this movie is a great pick for a family movie night. Originally a Japanese movie, now you can watch it in all different languages.

Voice actor Kristen Dunst plays the very important role of Kiki. Kiki has a sassy little cat Jiji played by Phil Hartman.

This film is a great choice for children because it's classified G. This is a fun, fantasy and adventure movie that all witch loving people will love!

This film is about Kiki the little witch and her cat Jiji. Kiki finds a small town near the sea. Kiki meets Osono played as Tress Macneille. Osono is a woman who works in a bakery. On Kiki's adventures she meets Tombo played by Matthew Lawrence. Tombo is a young boy who likes to hang out with his friends. Kiki starts a delivery service and gets up to lots of fun stuff!

The actor who portrays Kiki has really good expression! For a movie made in 1989 it has a very good animation quality. The message of this story is that never give up on who you want to be and find out who you want to be!

I love this film! Everything about it is good, except for the ending which I think could use a bit more excitement. Overall it's an awesome film and Give it a 5/5!
